

Protect Your Health & Your Wallet with Supplemental Coverage

As your trusted Medicare advisor, I want to ensure you're not just covered – but fully protected. While Medicare Advantage and Medicare Supplement plans offer great benefits, they don't always cover everything. That's where Hospital Indemnity and other supplemental plans come in.

Why supplemental coverage?

Even with Medicare, you may still face unexpected out-of-pocket costs like:

- Hospital stays and ambulance rides
- Skilled nursing care
- Cancer treatments
- Dental, vision, and hearing expenses

Hospital Indemnity Plans

Hospital indemnity insurance pays cash benefits directly to you when you're hospitalized. Use it for:

- Out-of-pocket costs like deductibles and coinsurance
- Lost wages, groceries, and/or household expenses
- Rehabilitation or skilled nursing assistance

Cancer, Heart Attack & Stroke Plans

Serious illnesses can bring serious costs. These plans provide lump-sum payments to help with:

- Treatment expenses
- Lost income
- Recovery support

Dental, Vision & Hearing Plans

Original Medicare doesn't cover routine dental, vision, or hearing care. These plans help you:

- Maintain your smile
- Protect your eyesight
- Hear clearly and confidently

Peace of mind starts with a plan. Let's build yours together.

I'll help you find the right combination of coverage to fit your health needs and budget. Let's make sure you're protected from the unexpected.
